

unless planters can mortgage their lands to carry on the cultivation, it will be very long before the plantations can be brought into order. Famine looms gauntly in the distance, not for the whites, they may suffer, but the blacks must starve. To think of the wicked waste encouraged by the Georgetown authorities among the negroes in the spring, makes one fear that retribution will be a measure of Divine justice. On Mrs. Trapier's plantation, between March and September, two hun-

ware, and the booty they carried off from terrified women is being reshipped to the cannibals. The injury that was done by the contact of such men with the negroes, and the evil influence they have probably, be retrieved in this district. First impressions are the strongest. The negroes have been taught to fear the white man to rob and murder, and the lessons sunk deep, like the seeds in upturned loams. The negroes are now in a state of panic and confusion; we have still a few months to prepare for what we see coming. Inaction will be fatal. We must make a stand with the races; we wish to prevent this; so we speak out and give timely warning, and we hope to save the negroes from the contact us from the peril in which we stand.

**Democratic Triumph in Connecticut.**

Slowly but surely the result of the late election in Connecticut has been made known to the country. For a day or two the triumph of the negroes in the election of the Democratic triumph, but at length it eked out the result in feeble expressions—no longer to be withheld. If the As-

ected Part is has nigger on the brain, it is no reason it should fail to record results it cannot longer misrepresent or change. The New Haven (Conn.) Register, of the 31st inst., says:

NEGRO-SUFFRAGE ELECTION—CONNECTICUT SUSTAINS ANDREW JOHNSON—RAIDERS DESTROYED—LOUISIANA—THE "WHITE" OF THE IMMEDIATE UNION MEN—ABOUT FIVE THOUSAND MAJORITY.

Connecticut has done her duty nobly. She has not only refused to deliberate judgment that this is a "white man's government," and should be administered by white men. Radicalism has received its just punishment, but she has not been doubtful if it ever recovers. The consequences of the vote yesterday it is almost impossible to calculate. It will strengthen the hands of the Union men in their restoration policy, and cause him to adhere more firmly, if possible, to his determination that negro suffrage shall not be restored until the negro is armed with a weapon with which to beat back the first

tion that, clutching at his throat, it was the only way to save his life. The other States to renewed exertions for success. It will increase our majority in New York, Maryland, New Jersey, Pennsylvania and Ohio.

For the glorious result we chronicle to the credit of the Democracy, we are thankful. The effort was made by the Radicals to draw party lines in order to whip in the support of the Democracy. They spoke opponents in their ranks, but failed. Many Republicans thought the Democracy were the only party to be relied far enough, and voted against his enfranchisement, while hundreds of former Democrats, and many of the leading political associates, and gave their voices and influence and votes for the Democracy. It is a credit to the Democracy that they put aside partial feeling to do a patriotic act.

From the Hartford Times.

THE SOLDIERS' VOTE.

A remarkable and significant feature of the election on Monday was the unusual display of military force. Returned veterans of the war, bronzed in years of toilsome marches and scarred in years of battle, were seen in the streets, and against the proposition for negro suffrage.

From the Hartford Times.

Hartford and New Haven roll up a majority of one thousand five hundred votes each. And Greenwich—where the Radicals made a "martyr" case out of a negro who gave a white child a hundred dollars—has a hundred and nineteen majority against the miscegenationists.

[From the New Haven Register.]

THE TOWN OF GREENWICH—DEMOCRATIC GAIN.

The result of the elections yesterday is highly favorable to the Democrats. When "the smoke" blew, the Radicals had some ground to brag of, but the Democrats were not so easily taken in.

The Radicals are thunder-struck with dismay and astonishment. They thus express it:

[From the New Haven Journal, Rep.'s Circular.]

THE TOWN OF GREENWICH—DEMOCRATIC REIGNING.

It is needless to say that we are greatly disappointed. The telegraph, as it clicks out the vote of Greenwich, has sent us a heart contempt for the State. Our voters are still too cowardly to vote on principle, or to vote for the just cause of the black. *Copperheads will go into ecstasies of rejoicing, and well they should.*

her honorable record for the past ten years, has cast such a vote as would disfranchise the colored people of the State, even to the whitewashed rebels of South Carolina.

From the New York Times, October 5.

The Republicans could, if they have only chosen, have given the right of suffrage to the blacks in spite of the whole Copperhead party of the States. Not to do so is to add so much moral strength to the Copperhead party, and to weaken their own.

It now makes the road before us to complete peace and the restoration of the Union more difficult. That heretofore 200,000 were disfranchised in Connecticut through a very base wrong and a significant error of judgment, is of small practical importance. But such an evil example should be followed and not imitated. It is a disloyal man in Connecticut in depriving 800,000 loyal men of the South of the right to vote is a fact, the practical importance of which can not be calculated.

NEW YORK, Oct. 10.  
The through route from Washington to Louisville, Knoxville, Chattanooga, and Atlanta and thence to Augusta or Montgomery is now open, and communication perfect. The schedule of the route is as follows: Trip from Chattanooga to Washington, six hours. Mr. Brownell, Vice President of the Eastern and Virginia line, arrived in this city this evening on his way North to purchase additional rolling stock and fixtures for putting the road in working order. It is probable that the line will be increased as soon as the track is thoroughly repaired.

Mr. Henry Prescott, formerly Assistant Secretary of State with General Cass, is in the city seeking the restoration of some of his island property now in the possession of the freedmen. He has taken the oath of allegiance, and his claims come within any of the exceptions. The receipts for internal revenue to-day are \$1,488,485.25.  
(Special to the Times.)  
WASHINGTON, Oct. 9.  
Gen. Rousseau had a conference with the President and the Secretary of War to-day, during which the general Palmer troubles in Kentucky were discussed. The result of the interview was, that the President promised the people of Kentucky, through their popular Congressman, that martial law shall be repealed throughout their State; that all negro troops shall soon be withdrawn, and that the abuses of the Freedmen's Bureau shall be corrected, so far as a vigorous probing can reach them.

It is understood that the course of Gen. Palmer in the administration of Kentucky military affairs, in the main, approved by the President, and that he will, probably, be retained in command of the department. Kentuckians are not so much displeased with the acts of Gen. Palmer as they are disgusted with those of some of his subordinates, who have been running a wild and lawless course in some of the remote districts of the State. The withdrawal of Colonel Ord's troops, promised by the President, and the detachment of middle-class Little Brevet Brigadiers of dragoons and freedmen's brigades, will speedily harmonize affairs in that State.

Fifteen millions of newly-authorized conversions into 5-20s were taken during the first week, instead of forty millions, as stated in a Philadelphia paper.  
At a meeting of the Wisconsin Club, in this city this evening, the family of the late General Horace P. Saunders were unanimously adopted, and all the members of the State were invited to his remains to the depot.

Mr. Vanhook, arrived in Washington this evening direct from Kansas City. Colonel Vanhook has been in attendance upon the great Indian Council at Fort Smith, looking to the future development of the Western border, and will be enabled to lay before the next Congress a valuable report concerning the wealth, advantages and resources of the West. The Colonel has figured prominently in Western Missouri for the last ten years.

Forrest Marshal Ward H. Cannon is in the city and will open a law office here within a fortnight.  
Mr. Ward, of Savannah, former representative of the United States in China, is spoken of as United States Senator from Georgia.

The specifications for the trial of Capt. Pettit, late of the Andersonville prison, are nearly made up, and the trial will be commenced in the latter part of the week, in Alexandria, with Assistant Judge Advocate Gen. Cowan to conduct the case.

NEW YORK, Oct. 10.  
The Tribune's Brownsville (Texas) correspondent, of September 14th, says that on the 12th of September, General Sherman's Twenty-fifth corps is passing a review. On the 10th instant the First division, under command of General Smith, was reviewed, and found in excellent state. The sanitary condition of the corps is good now, owing to the change in location in the mortality, and the sick list is growing small again. We hear that Gen. Canby is to be here in a few days with five or six thousand men, but that these are to be sent to the front, and that the army has been multiplied so much that I put no faith in the report.

NEW YORK, Oct. 10.  
The Tribune's Matamoros correspondent, of September 14th, says that on the 12th of September, General Sherman's Twenty-fifth corps is passing a review. The sanitary condition of the corps is good now, owing to the change in location in the mortality, and the sick list is growing small again. We hear that Gen. NEW YORK, Oct. 10.  
The papers in the case of Champ Ferguson, which were forwarded to Washington for the President's approval, were returned to-day. The sentence was read to Ferguson in the cell by Colonel Slocum, the Commander of this post, which was that he be hanged by the head until he be dead on the 24th of October, between the hours of 10 and 2 o'clock P. M. Ferguson received the announcement of his execution with apparent composure; not that he was in any way moved by his guards riding this afternoon by his guards. He was in apparent good health, and is to all outward appearances regardless of his fate.

At Bowlinggreen, yesterday, the sheriff of the county had in custody a negro convicted in the County Court of the murder of another negro, and who were then in custody and in the County Jail at Bowlinggreen, Ky., and when in the act of changing their clothes, they were surrounded by a detachment of colored guards, who demanded the release of the prisoners, which being refused, they took them by force, removed their hands, and set them at liberty. With fixed bayonets they defied the sheriff and his party, threatening death to all who opposed them.

RALPH, N. C., Oct. 9.  
The North Carolina Convention reconsidered to-day, and after making important amendments, passed again the ordinance fixing the day for the election of Governor, members of Congress and the Legislature, on the first Thursday in November. No other business was transacted.
